

Private Tour List

General information about tours:

All my tours are planned around the interests of my guests. Normally I suggest things or add little known sites to the places my guests would like to see.

Comfortable walking shoes with good soles are recommended for my tours.

Should you have any personal special interests, ideas or wishes, I will try to accommodate you and add them to any tour.

Tours listed below are for up to four guests in private car with guide. For booking of more than four persons, please call 24 hours in advance when possible. All tours can be changed during the tour do to weather conditions, or customer requests.

Below are my more popular tours. Please inquire for more details and prices.
